Blue Cross and Blue Shield of Alabama is an independent licensee of the Blue Cross and Blue Shield Association.

Hospital Tiered Network

The Blue Cross and Blue Shield of Alabama Hospital Tiered Network is a local Alabama effort to ensure fiscal responsibility, quality and patient safety in member hospitals. Hospitals are categorized into one of three “tiers”, based on their performance in these areas. Hospitals designated as Tier 1 are recognized as having attained the highest level of compliance.

Copay amounts for inpatient and outpatient services will vary between tiers with Tier 1 having the lowest copay. The Tier 1 level includes all PPO facilities (including PPO facilities outside Alabama) other than Tier 2 and Tier 3. Only Alabama general acute care hospitals are eligible for tiering within the Hospital Tiered Network. Rehabilitation hospitals, psychiatric hospitals, specialty facilities, out of state hospitals, VA hospitals and long term care hospitals are exempt from participating. All facilities not included on this list are subject to standard in-network benefit design.

All hospitals are evaluated annually with changes made effective January 1. In addition, reviews are completed on a quarterly basis allowing hospitals to improve tier status. To review the evaluation criteria for all hospitals and/or the tier level of a particular hospital, please use the “Find a Doctor” tool on our website at **AlabamaBlue.com**. The tier level will be included in the information provided for each hospital that participates in the Hospital Tiered Network. For more information on the evaluation criteria, click on the name of the hospital and then click on the “Credentials” tab. If you have any questions, please call the Customer Service number on the back of your ID card.

Useful Information to Maximize Benefits

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website (AlabamaBlue.com) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians and other healthcare providers have a contract with a Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard PPO, PMD). In-network pharmacies are pharmacies that have a Limited Retail Pharmacy Network contract. In Alabama, in-network services provided by mental health and substance abuse professionals are available through the Blue Choice Behavioral Health Network. Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and/or Blue Shield Plans. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area or the average charge for care in the area.
- Please be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan. Please check your benefit booklet for more detailed coverage information.
- Bariatric Surgery, Gastric Restrictive procedures and complications arising from these procedures are not covered under this plan. Please see your benefit booklet for more detail and for a complete listing of all plan exclusions.

**This is not a contract, benefit booklet or Summary Plan Description.
Benefits are subject to the terms, limitations and conditions of the group contract (including your benefit booklet).
